

To,
The Research Paper Supervisor
Department of Computer Science & Engineering
KIET Deemed to be University

Date: 16 September 2026

Subject: Application Regarding Research Paper Status and Proposed Conference/Journal Submission

Respected Sir,

I am writing this application to inform you that I have prepared my research paper as part of the academic/research requirements. The paper has not yet been submitted to a Scopus-indexed conference/journal.

I have discussed the research work and intend to submit the paper to a suitable **Scopus-indexed conference/journal** after incorporating the necessary suggestions and corrections based on your feedback.

My proposed target venues for submission are:

1. **International Conference on Artificial Intelligence Machine Learning & Cybernetics (IC-AIMLC 2026)**
2. **AIST 2026 – International Conference on Artificial Intelligence & Speech Technology (26–27 Nov)**
3. **ICMLDE 5.0 – Machine Learning & Data Engineering (27–28 Nov)**

I am submitting/showing the prepared research paper to you for review and kindly request you to provide your comments regarding the current status of my research paper and the further improvements/submission process.

I assure you that I will incorporate the suggested changes and proceed with the submission to an appropriate Scopus-indexed conference/journal.

Kindly provide your comments and approval regarding the research paper status.

Thank you for your guidance and support.

Yours sincerely,

Name: Saksham Jain

Roll No.: 2300290100219

Branch: CSE
